

## **Chatswood Social Club Volunteer Needed**

Chatswood Social Club is a social group for adults with an intellectual disability, who have low support needs, living on Sydney's North Shore. It is based in Chatswood and at the club, members enjoy a variety of organised recreational and social activities. We meet at the club on Tuesdays from 6pm to 9pm and on some Saturdays we go on an outing.

We are looking for a volunteer to assist with the running of activities and with providing social support to our members during the club time. If you have a genuine interest and desire to volunteer your time and support adults with an intellectual disability, we encourage you to apply.
